**Notes:**

1. Parameters of the storage product meet the parameters according to § 21a of the Decree of the Regulatory Office of Network Industries No. 147/2024 Coll., which establishes price regulation of regulated activities in the gas sector and certain conditions for the performance of regulated activities in the gas sector, as amended.
2. The price set for the price-regulated storage product for the period from 1.4.2025 to 1.4.2027 is determined by the Decision of the Regulatory Office of Network Industries No. 0045/2025/P dated 3.3.2025.
3. The price-regulated storage product is a standard storage product and its price represents the final tariff for gas storage within the meaning of Council Regulation (EU) 2022/2576 of 19 December 2022 on strengthening solidarity through better coordination of gas purchases, reliable reference prices and cross-border gas exchanges.
